Andover by Milliken partners with the Sports Medicine market to deliver high-quality athletic wraps and taping solutions that help prevent sports injuries and assist post-injury recovery.

Our product lines include strong, flexible taping solutions that resist sweat and water providing stable, long-lasting support in demanding conditions. All of our Sports Medicine solutions are designed for quick, easy application and reliable performance to help players get back in the game without delay.

## THE POWERFLEX DIFFERENCE

### *For the Athlete*

- Supports muscles and joints
- Prevents injury
- Provides post-injury stability

### *For the Application*

- Eliminates need for prewrap and adhesive spray
- Increases speed of application
- Compatible as the foundation for taping systems

### *For the Athletic Trainer*

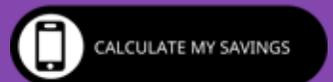

- Streamlines ordering by reducing materials needed from 3 to 1
- Allows for modification to address each athlete's needs
- Delivers consistent application

Andover by Milliken's cohesive wraps and tapes are designed to empower athletes to perform at their best while simplifying and streamlining the athletic trainers job.

In addition to these products, we support athletic trainers with literature and videos, sharing expertise on taping methods and specific injury types. These resources include a Taping Methods Video Textbook, which outlines 35 step-by-step techniques in preventative and post-injury taping instruction by Ron O'Neil. Ron is a formerly certified athletic trainer for 37 years - 29 of which were spent with the National Football League (NFL).

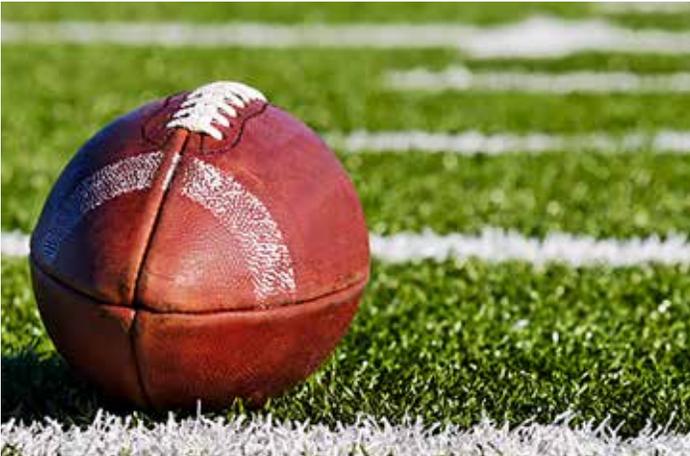

Backed by an organization with more than 150 years of experience in textile design, chemical science and materials manufacturing, we strive to improve clinical outcomes and enhance athletic performance while also helping our customers to increase efficiency, reduce waste and optimize their budgets.

Try our easy-to-use calculator to discover what your annual cost savings could be by converting to Andover by Milliken taping systems!

# WHICH TAPE OR WRAP SHOULD I CHOOSE?

BEST Overall

## ULTIMATE TAPING SYSTEM

Combining the strength and support of  
**POWERFLEX + POWERPRO**

Are YOU using PowerFlex as a base?

- 23 lbs. tensile strength
- Sweat & water resistant
- Replaces the need for prewrap and adhesive spray

Combine it with PowerPro for ultimate support.

- Versatile adhesive tape
- Less than 1% stretch
- Cotton free - won't absorb sweat or water

BEST Strength

**POWERFLEX & POWERTAPE**

(cohesive athletic tape)

BEST Budget

**POWERFLEX & VICTORYTAPE**

(cohesive athletic tape)

BEST Speed

**POWERSPEED & POWERPRO**

(30% stronger than PowerFlex - apply less)

BEST Reinforcement

**POWERFAST**

(Apply over any system for additional support without restricting movement)

### Build-Your-Own Taping System:

BASE LAYER (straight on skin)

**POWERFLEX** ..... Self-Adhering Sports Wrap

**POWERSPEED** ..... The Ultimate Speed Tape

**POWERFAST** ..... Flexible Adhesive Stretch

TOP LAYER (tape)

**POWERPRO** ..... Synthetic Adhesive Sports Tape

**POWERTAPE** ..... Cohesive Athletic Tape

**VICTORYTAPE** ..... Cohesive Athletic Tape

# SELF-ADHERING SPORTS WRAP

# POWERFLEX

## POWERFLEX and POWERFLEX LF

PowerFlex® empowers stronger athletes with its superior performance, wide variety of applications and its compatibility as the foundation of taping systems. This strong, fabric-based wrap tears easily by hand and sticks to itself for quick wrapping and longer staying power.

Use PowerFlex as a base to streamline ordering. Replacing prewrap, adhesive spray, and heel & lace pads, it reduces materials needed from 3 to 1!

- 23 lbs. tensile strength
- Sweat & water resistant
- Eliminates need for prewrap and adhesive spray
- Supports muscles & joints
- Provides injury prevention and post-injury stability for inversions, eversions and high ankle sprains
- Will not slip, slide or migrate
- #1 wrap in professional football & college sports

PowerFlex Catalog #	Size	Rolls/Case	Notes

Color Options:

When ordering, please indicate catalog # and color code.  
For example, 3710WH-030 (XX = color code).

# SYNTHETIC ADHESIVE SPORTS TAPE

# POWERPRO

## POWERPRO

PowerPro® tape empowers stronger athletes by providing the most supportive adhesive taping system available. It is the first adhesive tape engineered with a non-stretch, moisture-stable substrate. Our most versatile adhesive tape, it pairs easily with any base.

From the first minute to final score, the PowerPro synthetic taping system sustains its integrity - even when wet.

- Stretches up to 37% less than cotton
- Sticks to anything - PowerFlex, prewrap or skin
- Sustains its integrity when wet
- Hand-tears with ease and conforms around ankles
- Replaces traditional cloth athletic tape
- Provides support & stability during games

PowerPro Catalog #	Size	Rolls/Case
ACP165XX-1"	1" x 15 yds.	48
ACP165XX-1.5"	1.5" x 15 yds.	32
ACP165XX-2"	2" x 15 yds.	24

White (WH)      Black (BK)

When ordering, please indicate catalog # and color code.  
For example, ACP165WH-1" (XX = color code).

Additional

# STRETCH LAYER OPTIONS

# POWERSPEED POWERFAST

## POWERSPEED

PowerSpeed® is a high strength cohesive athletic wrap designed for speed taping or a stronger spat. It delivers maximum support for a modified taping system that won't slip/migrate from sweat or water. With easy hand-tear, PowerSpeed has quick application.

- 30% stronger than PowerFlex
- Supports sprains & strains

## POWERFAST

PowerFAST® is a strong, flexible adhesive stretch tape made with synthetic fabric. Unlike other adhesive stretch tapes, it won't absorb water so it remains thin & comfortable, rather than getting bulky. PowerFast also retains its elasticity for lasting support, plus its strong adhesive won't pull hair.

- Synthetic construction - won't absorb water
- Thin and comfortable - no bulk
