About Us

Dental Planet has been serving the Dental Industry since the early 1990s. We were one of the very first internet-based dental suppliers and have grown to offer over 40,000 products to dental and medical professionals around the world!

The Dental Planet team has built a reputation for quality and integrity in the Dental and Health Care Industries. We are proud of achieving our A+ rating with the Better Business Bureau, and a consistent 4.5 of 5 or better cumulative score from all third party review sites. We continue to work hard to ensure our customers receive the best value and service available.

Our mission today is to provide professionals with affordable quality in supplies, new and refurbished equipment, and services. Our vision for tomorrow is to lead the industry with affordable equipment as well as expert service and superior supplies.

We provide a full range of solutions by utilizing a knowledgeable sales team with over 100 years of combined industry experience backed by an additional 80 plus years of technical equipment expertise ready to serve you.

CORE COMPETENCIES

DentalPlanet, LLC focuses on its core competencies with these corporate guidelines

- **Character** — Being valuable citizens in terms of honesty, respect, responsibility, and caring;
- **Commitment** — Being dedicated to serving our customers and their success;
- **Consistency** — Building a reputation of exceeding the expectations of our customers;
- **Communication** — Sharing information for success and customer satisfaction;

Affordable Quality for Professionals in providing superior supplies, equipment, and service to our customers.

DIFFERENTIATORS

We are a full-service provider of healthcare supplies, equipment and service, providing our customers everything from product knowledge in their search for equipment, delivery, installation, service, consumables, and support.

Delivery: Our white-glove delivery service ensures your equipment is professionally and safely delivered inside your office to the room you designate.

Installation: Our installation services are available in all 50 States and Canada.

Service and Support: Our extensive network of nationwide dental technicians allows service work to be done in your office. We also offer free telephone and online support.
